

solarlight 300

Light output 300 lumen

Incl. solar module and battery pack

Illumination up to 24 hours

Charge control

*Powered by
the Sun*

Fold-out carry handle

Removable top cap

Built-in hanger hook

KSG Solar Light 300

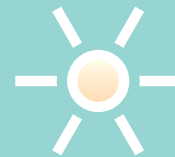

Technical data

Luminous flux	300 lumen
Power of LED	ca. 3W
Power of solar module	ca. 4W
Input voltage of lantern	max. 6V DC
Dimensions of lantern	82 x 82 x 182 mm
Dimensions of solar module	285 x 190 x 22 mm
Total weight	ca. 1520g
Rechargeable batteries	3x 1.2V NiMH D cell 5000mAh
Operating time	up to 24 hours, dependent on operating mode
Charging time	ca. 6 hours, dependent on irradiation intensity
Protection rating	splash-proof / IP 64

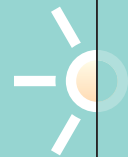

Operating modes

low

high

flashing

incl.
**solar
module**

incl.
**rechargeable
batteries**

Ready
to use
